

Pristina, 14 October 2016
ERO Code: V_860_2016

The Board of Energy Regulatory Office,

Based on:

- Provisions of Article 9, paragraph 1, subparagraph 1.7, Article 15, paragraph 1, subparagraphs 1.11 and 1.12, Article 26, Article 28, paragraph 2, sub paragraph 2.10, Article 30 and Article 32 of Law on Energy Regulator (Law No. 05/L-084);
- Provisions of Articles 4 and 6 of Rule on Licensing of Energy Activities in Kosovo;
- Application for Licensing of Electricity Supply Activity, submitted to ERO on 28.04.2015, from “HEP – KS” LLC. Company, having its address at: “Luan Haradinaj”, Ent. 1-2, No. 21, Pristina, Republic of Kosovo.

in its session held on 14 October 2016, issued the following:

DECISION

- I. Electricity supply license **IS ISSUED** to “HEP – KS” LLC. Company, with license number ZRRE/Li_43/15, for the period from **14 October 2016 to 13 October 2021**.

Reasoning

- On 28.04.2015, Energy Regulatory Office (ERO) received from “HEP-KS” LLC. the application with relevant evidence for licensing of electricity supply activity in Kosovo.
- ERO evaluated that the company in question has acted in accordance with ERO’s instructions and requests foreseen in Application for Licensing of Electricity Supply Activity.
- According to Article 8.1 of Rule on Licensing of Energy Activities in Kosovo, the enterprises applying for licensing at ERO shall notify the interested parties through a newspaper that they have submitted to ERO an application for Electricity Supply License, and such application is on the final phase for obtaining the license. The interested parties are entitled to contradict the application, if they can prove any irregularities.

- On 29 July 2015, “HEP – KS” LLC. Company published a notice in the newspaper, in accordance with the abovementioned paragraph.
 - Following the evaluation of the application and other relevant evidence attached to the application of “HEP – KS” LLC. Company and based on legal provisions mentioned in the introductory section of this Decision, ERO has decided as in the enacting clause of this Decision.
 - In accordance with Rule on Licensing of Energy Activities in Kosovo, ERO issues a formal decision for each licensing application within ninety (90) calendar days, from the date when the application is deemed complete. In this case, ERO could not act in accordance with time limits stipulated by Rule on Licensing, firstly because ERO Board was incomplete due to lack of nomination of new members by the Assembly and also resulting from the absence of the following rules: Methodology on Calculation of Imbalance Price and Compensation Price and Rule on Supplier Switching, which are necessary for normal functioning of electricity supply activity. These rules are now compiled, finalized and approved by ERO.
- II. The Decision shall be issued in Albanian language and translated in Serbian and English language. In case of any discrepancy between the versions, the Albanian version shall prevail.
- III. The Decision shall enter into force on the date of approval by ERO Board and shall be published on ERO’s official website.

Legal Advice: The party dissatisfied with this Decision may initiate an administrative dispute at the Competent Court within thirty (30) days from the date of receipt of this Decision or the date of its publication on ERO’s website, whichever occurs last.

This Decision is sent to:

- The licensee “HEP – KS” LLC. and
- Archive of Energy Regulatory Office
