Reasoning

- Energy Regulatory Office (ERO) received from KOSTT the request for review and approval of the document "Market Rules v3.0".
- The compilation of the new version of Market Rules started in 2017, to enable the harmonization with new energy laws, as well as adjustment to circumstances in energy sector. Several meetings were held during the process of compiling the Market Rules, which involved relevant parties in the energy sector, which provided their comments. The document was in public consultation, and was sent to Energy Community Secretariat for further commenting.
- ERO was involved during the entire process of compilation of the document and provided its comments in the meetings and in written form.

- The document “Market Rules v3.0 is of a significant importance, and contains amendments based on new energy laws and requirements of EU third legislation package on energy.
- Based on this, ERO considers that the document meets the required criteria and approves the new version of the document “Market Rules v3.0”, based on legal provisions mentioned in the introductory section of this Decision.
- Upon entry into force, the document “Market Rules v3.0” repeals the document “Market Rules v2.0”, approved in 2013.
