III. Following the expiry of the time-limit mentioned under item I. of the enacting clause, Decision on Notification for Preliminary Authorization V-899-2017, dated on 16 March 2017, shall be automatically repealed and it will not be reviewed by ERO Board.

Reasoning

- ERO, on 30.01.2017, received from “Hidrocom” LLC. the application on obtaining the authorization for construction of new generation capacities for electricity generation from the hydro power plant, HPP Kaqandoll, located at CA Segaqe/Popovë, with an installed capacity of 2.6 MW, Municipality of Podujeva, Republic of Kosovo.
- ERO, following the ascertainment that the applicant has proved its compliance for construction of new generation capacities from the hydro power plant , on 16 March 2017 , issued the Decision on Notification for Preliminary Authorization V_899_2017, and instructed the applicant to meet other legal requirements required by the applicable legislation in Kosovo.
- The Decision on Notification for Preliminary Authorization V_899_2017 has not implied granting the authorization until the requirements set by Rule on Authorization Procedure for Construction of New Capacities are fulfilled.
- Notification on Decision for Preliminary Authorization determines the targets availability and the applicant’s admission to the Support Scheme and automatic guarantee of Feed-in Tariff.
- The Notification on Decision for Preliminary Authorization determines that the applicant is guaranteed the bond of Power Purchase Agreement with Public Suppliers for a ten (10) years period, which shall be concluded at least thirty (30) days before the date of commencement of generating operation.
- Decision on Notification for Preliminary Authorization is issued for one (1) year period and this decision determines that “Hidrocom” LLC. shall be granted the Authorization if within this time-limit it makes a written request for conversion of Decision on Preliminary Notification into Authorization, meeting all terms and conditions set by Rule on Authorization Procedure for construction of new capacities and applicable legislation.
- The applicant “Hidrocom” LLC, on 14.03.2018 submitted the request on extension of validity term of Decision on Notification for Preliminary Authorization, and in its request explained that: *“ Our request on extension of validity time-limit of Preliminary Authorization is submitted due to the fact that we are expecting on obtaining the Water Consent, issued by Ministry of Environment and Spatial Planning, where we submitted our request on 06.06.2017, therefore due to the absence of Water Consent we are not able to prepare other documentation for Energy Regulatory Office for submission of the documentation for obtaining the Final Authorization. Hereby, we require from ERO Board to support us in extension of validity term of Preliminary Authorization.*

- ERO Board, following the analysis of the request of “Hidrocom” LLC and attached evidence on extension of validity term of Decision on Notification for Preliminary Authorization, evaluated it and based on legal provisions mentioned the introductory part of this decision decided as in the enacting clause of this decision.

- I. The Decision is issued and published in official languages of the Republic of Kosovo.
- II. This Decision shall enter into force on the date of approval by the Board and shall be published on ERO’s official website.

Legal advice: The party dissatisfied with this Decision may initiate an administrative dispute at the Competent Court, within thirty (30) days from the date of receipt of this Decision or the date of its publication on ERO’s website, whichever occurs last.
