Board of the Energy Regulatory Office

Taking into account:

- Powers of the Energy Regulatory Office (ERO) granted in the provisions of the Article 14 and 25 of the Law No.03/L-185 on Energy Regulator;
- Official request for the amendment of the Transmission System Safety and Planning Standards and Operation Safety Standards;

In the session held on 28 January 2011 adopted this:

DECISION

- I. "Transmission System Safety and Planning Standards" and "Operation Safety Standards" are approved.

Justification

- o In the meeting held on 12.01.2011 of the Committee for Governance Procedures for Technical/Operational Codes (OCGC), KOSTT submitted for review its request for the amendment of the Article 2.12 in the "Transmission System Safety and Planning Standards" and "Operation Safety Standards".
 - o Following review and discussions, members of the OCGC agreed to submit KOSTT's proposals for the amendment of this article to ERO for approval.
 - o The official request for the amendment of "the Transmission System Safety and Planning Standards" and "Operation Safety Standards" on behalf of the OCGC was submitted to ERO by the secretary on 26.01.2011.
- I. This decision is issued in Albanian language and shall be translated into Serbian and English. In the event of any discrepancy between various versions, the Albanian version shall prevail.
 - II. This decision enters into force on the date of its approval by the ERO Board and shall be published in the official web-site of ERO.

Legal remedy: The unsatisfied party may file a complaint against this Decision before the competent Court within fourteen (14) days since the decision's receipt or publication date on the official web-site of ERO, whichever occurs last.
