

**Prishtina, 03 October 2014**  
**ERO Code: V\_653\_2014**

**Board of Energy Regulatory Office**

**Based on:**

- Article 8, paragraph 1, sub-paragraph 1.6, Article 14, paragraph 2, sub-paragraph 2.7 and Article 25 of the Law on Energy Regulatory (03 / L-185);
- Article 4, 5 and 13, paragraph 1, sub-paragraph 1.2, Article 14, Article 15 paragraph 1 and Article 16 of the Rules on Authorisation Procedure for Construction of new capacities;
- Application for construction of new generating capacities for generation of energy from Solar Photovoltaic panels, with installed capacity of 102 kW, in location “Gjurgjevik/Malisheva” CZ Gjurgjevik, Klina Municipality, dated 11.09.2013 of the company “LED LIGHT TECHNOLOGY KOSOVO” LLC under street address Ulpiana C2, Entrance III., no. 6, Boulevard “Deshmoret e Kombit” Prishtina, Republic of Kosovo;
- Contracts, licenses, approvals and decisions issued by the responsible institutions, as in Appendix II of this decision,

**within the session held on 3<sup>rd</sup> of October, 2014 issued the following:**

**DECISION ON  
GRANTING AUTHORISATION**

- I. AUTHORISATION is granted to the company “Led Light Technology Kosovo” LLC, for construction of new generating capacities for generation of electricity from photovoltaic solar panels, with installed capacity of 102 kW, in the location “Gjurgjevik/ Malisheva CZ Gjurgjevik, Klina Municipality.**

**Reasoning**

- On 11.09.2013, ERO received an application from “Led Light Technology Kosovo” LLC for construction of new generating capacities for generation of energy from photovoltaic solar panels, with installed capacity of 102 kW, in location “Gjurgjevik/Malisheva” CZ Gjurgjevik, Klina Municipality.
- Following the ascertainment that the applicant demonstrated its suitability for construction of new generating capacities from solar photovoltaic panels, ERO assessed that final authorisation should be granted to the applicant for construction since environmental requirements, the

rights for use of land, construction license and other legal requirements related to the project were met in line with applicable legislation.

- ERO also assessed the statement dated 3<sup>rd</sup> of October 2013 provided by the company “LED LIGHT Technology KOSOVO” LLC submitted under paragraph 20 of the application, stating that: although incentive tariff price for generation of electricity from photovoltaic panels is not yet determined by the ERO, the concerning company will accept any incentive price of electricity generated by the photovoltaic panels which will be determined by ERO in the future.
  - Following the evaluation of the evidence attached and receiving additional evidence, requested by ERO, and relying upon legal provisions mentioned in the introductory part of this decision, ERO decided as in the enacting clause of this decision.
- II. Authorisation Decision is granted to the company “Led Light Technology Kosovo” LLC, for two (2) years, and the latter is obliged to build photovoltaic solar panels within this period.
  - III. The Decision shall be issued in Albanian language and translated into Serbian and English. In the occasion of any discrepancy between the versions, the Albanian version shall prevail.
  - IV. This Decision shall enter into force on the date of approval by the ERO Board and published in the ERO’s official website.

**Legal Advice:** The party dissatisfied with this Decision may initiate an administrative dispute at the Competent Court, within thirty (30) days from the date when receiving this Decision or the date of its publication in the ERO website, whichever occurs last.

## APPENDIX I

Energy Regulatory Office (ERO), discharging its competences entrusted to it under Article 38 of the Law on Energy Regulatory and in accordance with Article 16 of the Rule on Authorisation Procedure for constructing new capacities, to the company “Led Light Technology Kosova” LLC under street address “Ulpiana C2, Entrance III., no. 6, Boulevard “Deshmoret e Kombit” Prishtina, Republic of Kosovo Energy” L.L.C., with the following address str. Of Zagreb (“Arbëria” Dragodani) No. 19/22 Prishtinë, Republic of Kosovo, **granted the following:**

### AUTHORISATION

1. **For constructing generating capacities for generation of electricity from photovoltaic solar panels, with installed capacity of 102 kW in location of Gjurgjevik/Malisheva, CZ Gjurgjevik, Klina Municipality.**
2. Under this Authorisation, the company “Led Light Technology Kosova” LLC is authorised to construct generating capacities in the locations determined above according to the conditions and timelines set out by this Authorisation.
3. This Authorisation shall be valid for two (2) years, commencing from the date of its issuance. ERO, on the request of the party, can extend the validity of the Authorisation in accordance with the applicable legislation.
4. The Authorised party, during the entire validity period of this Authorisation has to meet the following:
  - 4.1 all conditions set out under this Authorisation,
  - 4.2 all conditions set out under the applicable legislation in Kosovo, including those on environment.
5. Energy Regulatory Office can modify this Authorisation in accordance with provisions of Article 19 of the Rule on Authorisation Procedure for constructing new capacities.
6. In case the authorised party goes bankrupt prior to the authorised generating establishment will have been constructed, then this Authorisation shall be nullified and shall remain as such until ERO has established that satisfactory agreements have been achieved, and which can impact for the nullification to be lifted. As long as this Authorisation will have been nullified, the entire further works for constructing the generating establishment are to be stopped. In

case of the other, administrative measures and fines set out under the applicable legislation can be undertaken against the Authorised party.

7. The validity of this Authorisation shall automatically expire upon the expiration of the timeline set out under item II of the present Authorisation or upon the expiration of other timelines set out by ERO in accordance with item 4 of the present Authorisation.
8. In case the party violates any of the conditions of the present Authorisation, of applicable legal provisions or provisions of the Rule on Authorisation Procedure for constructing new capacities, ERO may nullify the Authorisation in accordance with provisions of the Rule on authorisation procedure for constructing new capacities. The entire further works at the authorised generating establishment will be stopped upon the date of the Authorisation being nullified. In case of the other, administrative measures and fines set out under the applicable legislation can be undertaken against the Authorised party.
9. The authorised party shall inform ERO in writing and ask for prior consent for any changes to the existing elements of generators or any addition to with new elements, which are not included in the project and which is a part of the application.

## APPENDIX II

List of documents (permits, consents, decisions, contracts, etc), issued by institutions of the Republic of Kosovo in relation to for obtaining the **Authorisation** by the company “Led Light Technology Kosovo” LLC for constructing new generating capacities from photovoltaic solar panels, with installed capacity of 102 kW in location of Gjurgjevik/Malisheva, CZ Gjurgjevik, Klina Municipality:

- **Consent** - 06 no. 351 - 3945/13 dated 10.03.2013 issued by Department for Urbanism and Environment Protection within Klina Municipality;
- **Environmental Consent** - 13/3584 / DMM 2-444 dated 09.12.2013, issued by the MESP.
- **Construction License** - 06.no. 351-53/14 dated 01.31.2014 for the construction of solar energy park with installed power of 102 kW at Gjurgjevik village, Klina Municipality, cadastral parcel no. 241/2, P-71010029-00241, CZ Gjurgjevik, recorded under the name of “Led Light Technology Kosovo” LLC, a location called Lugagji, zone IV, issued by the Department of Urbanism and Environmental Protection within Klina Municipality.
- **Certificate for Immovable Property** - P- 71010029-00241, cadastral parcel no. 241/2, CZ Gjurgjevik, recorded under the name of “Led Light Technology Kosovo” LLC.
- **Technical Selection** - Conditions for Design and connection into Distribution network no. 6169 dated 03.10.2013.
- **Contract SOL 04/06/2013 5e** - between RUDIS d.o.o. and GORENJE d.d. for the sale of equipment for photovoltaic panels.

- **Contract SOL 04/06/2013 6e** - between RUDIS d.o.o. and GORENJE d.d. for installing photovoltaic panels.
- **Feasibility study** - Technical, Financial and Environmental.
