

Board of the Energy Regulatory Office,

Based on:

- Provisions of Article 14, paragraph 2, and provisions of Article 25 of the Law on Energy Regulator (Law No.03/L-185);
- Provisions of Article 12, paragraph 1.18 of the Law on Electricity (Law No. 03/L-201);
- Provisions of Article 5, paragraph 4 of the Rule on General Conditions of Energy Supply;
- Request of Transmission System Operator and Market Operator (KOSTT JSC), dated 15.07.2014, for approval of the "Transmission Network Connection Procedures" document;

in the session held on 21 November 2014, issued the following:

DECISION

- I. The "Transmission Network Connection Procedures" document of KOSTT JSC is hereby approved.**

Reasoning

- The Energy Regulatory Office (ERO) on 15.07.2014 received the request KOSTT JSC for approval of the "Transmission Network Connection Procedures" document.
 - The "Transmission Network Connection Procedures" document has been prepared based on the document "Transmission Connection Charging Methodology".
 - ERO analyzed the document and provided its comments on the document.
 - After inclusion of ERO's comments, the KOSTT provided the final version of the document on 17.11.2014. Thereafter, ERO considered that the submitted "Transmission Network Connection Procedure" document fulfills the criteria for approval, and taking into account the legal provisions mentioned in the introductory section, decided as in the enacting clause.
- II.** The Decision shall be issued in Albanian language and will be translated into Serbian and English. In case of any discrepancy between the versions, the Albanian version shall prevail.
- III.** This Decision shall enter into force on the date of approval by the Board and will be published in the ERO's official website, along with the document. The document will be published also in the website of KOSTT.

Legal advice: The party dissatisfied with this Decision may initiate an administrative dispute at the Competent Court, within thirty (30) days from the date of receipt of this Decision or the date of its publication in the ERO website, whichever occurs last.
