PRESS RELEASE

Seventh Session of ERO Board

The Board of Energy Regulatory Office (ERO) today held the seventh consecutive session for this year.

In this session, the Board reviewed and approved the Ten-Year Development Plan (2022-2031) of the District Heating JSC, with headquarters in Gjakova. The Development Plan for thermal energy distribution network of the District Heating of Gjakova contains measures and planning in order to guarantee system suitability and security of heat supply for customers connected to this system. This plan will be published on the official website of ERO and will be submitted for review next year.

The Board of ERO also decided on issuance of thermal energy production and distribution licenses to District Heating JSC, in Gjakova.

In addition to this, the Board approved the request of the legal person "FORMA" LLC on obtaining the authorization for electricity generation from solar panels for SELF-CONSUMPTION, with a capacity of 100 kW.

Part of review by the Board were also some issues related to the functioning of the sector as well as the Energy Regulatory Office. *All decisions of ERO Board are published in the electronic website of ERO www.ero-ks.org.*
