

Pristina, 23.06.2020
ERO Code: V_1261_2020

The Board of Energy Regulatory Office,

Based on:

- Provisions of Article 1, Article 15 and 26 of the Law on Energy Regulator (Law No.05/L-084);
- Regulation (EU) no.1227/2011 (REMIT) of the European Parliament and of the Council;
- Request from the Ministerial Council of the Energy Community Secretariat (ECS) for the transposition/adoption of the REMIT Regulation 2018/01/MC-EnC by the ECS Contracting Parties.

in the session held on 23.06.2020 issued the following:

DECISION

I. APPROVAL of the document **Rule on Wholesale Energy Market Integrity and Transparency**

Reasoning

- The Law on the Energy Regulator, Article 1, paragraph 2 states: *“This Law is partially in accordance with Directive 2009/72/EC, regarding the common rules for the internal electricity market, Regulation No. 714/2009 /EC, on the criteria for access to the network for cross-border electricity services, ...”*
- The transposition/adoption of the REMIT Regulation 2018/01/MC-ENC by the Contracting Parties of the ECS, which provides for the implementation of a light form of the REMIT rule, is a request from the Ministerial Council of the Energy Community Secretariat (ECS).
- REMIT in the EU was adopted in 2011, while from 2018, ECS has started the preparation of REMIT for the Contracting Parties where a basic framework (template) for the rule has been prepared. Many meetings (workshops) have been held to clarify the preparation of the rule and its implementation by the Contracting Parties.
- ERO has prepared the adapted version according to the ECS format for the Contracting Parties, taking into account the local legislation.

- The rule sets out the criteria that prohibit abusive practices affecting wholesale energy markets, which are coherent with the proper functioning of these markets, taking into account their specific characteristics. The rule describes: the prohibition of trade and the obligation to publish data; monitoring and registration of market participants, confidential information; supervision, investigation and administrative measures.
- The Board of ERO, following the analysis of the document, considers that the document meets the necessary criteria to perform the above-mentioned obligations and is in line with the legislation of the energy sector in Kosovo, and through this decision has approved the document ***Rule on Wholesale Energy Market Integrity and Transparency***.

II. The decision is issued in official languages of the Republic of Kosovo.

III. The decision shall enter into force on the date of approval by ERO Board and will be published on ERO's website, where the document will be published as well.

Legal advice: The dissatisfied parties may address the Competent Court to object this Decision within thirty (30) days from the date of its publication on the website of ERO.
